

Building a Better Tomorrow

ACCO's 2007 United Way campaign, "Building a Better Tomorrow," was a big success, thanks to YOU and your contributions to the United Way. With ACCO employee contributions alone, we raised \$165,242.00 this year, a 19% increase over employee contributions from 2006.

In addition, our United Way fund-raisers, which this year included the first San Leandro parking spot raffle and the holiday poinsettia sales drive, raised an additional \$3,075.00 for the campaign.

A thank you is also extended to our generous sponsors for many of our United Way holiday prize drawings: ABD Insurance, AC Specialties, Aerotek, Armen's Auto Repair, Arnie Morton's, Bay Area Balancing and Cleanrooms, Bay Plumbing Supply and Showrooms, Blue Dish Café, California Hydronics Corp., Certified Air Balance, Dawson Company, Daikin AC, DMG, Elmco Duddy, JD Sales, Mason West, MW Sausse, Norman S. Wright, PCI, San Marino Caterers, Sierra Office Supplies, Specialty Steel Service Co., Tomarco, and Whole Foods Market.

Thank you also to the following ACCO employees who donated a prize for the drawings: John Aversano, Terry Beebe, George Dimic, Betsy Monahan, Patty Raymond, and Sam Vitale.

Your 2007 contributions to United Way will help those in your communities to meet basic needs, improve educational opportunities, and increase financial stability in 2008 and beyond.
